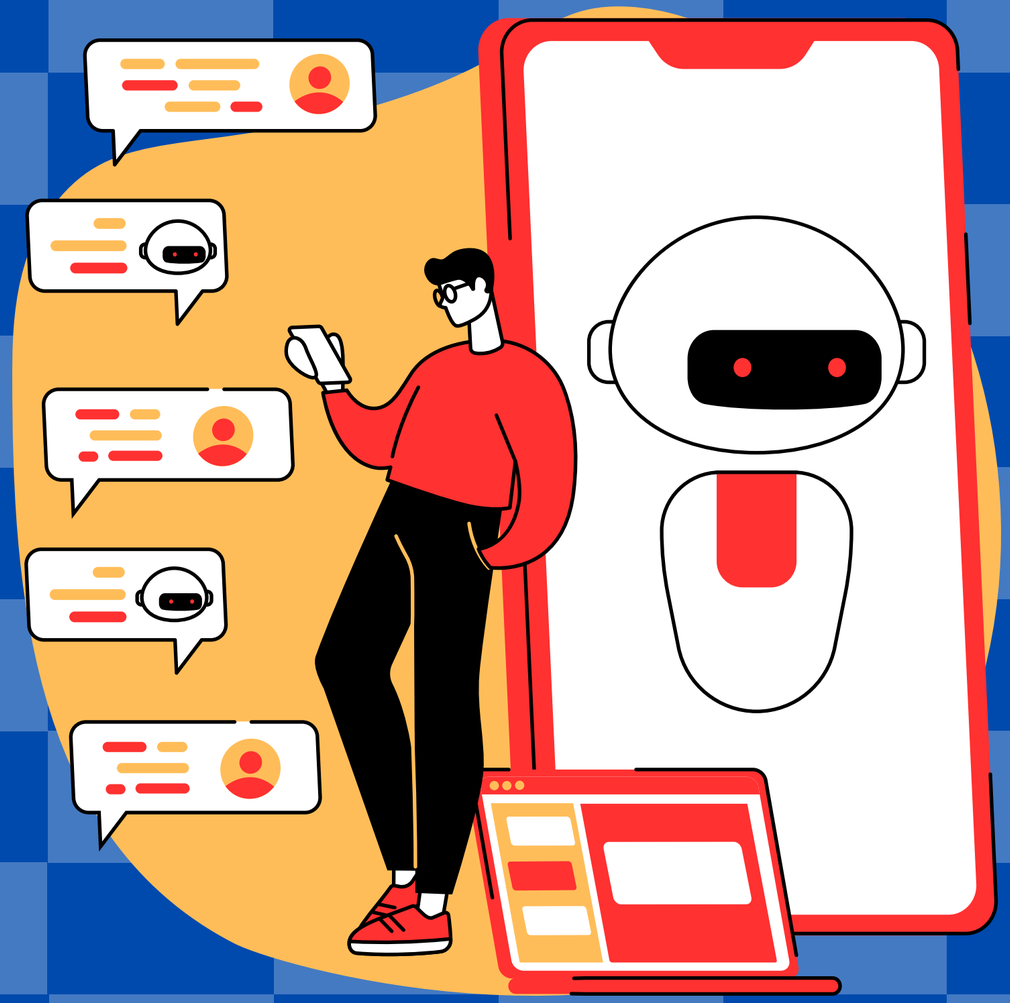
THE PROBLEM

- Subscription Fatigue: Users overwhelmed by the surge in subscription services.
- Tracking Hassles: Managing multiple subscriptions leads to oversights and missed renewals.
- Discovery Dilemma: Difficulty finding subscriptions aligning with user preferences.
- Cost Evaluation Challenges: Users find it difficult to identify subscriptions that offer optimal cost-effectiveness.



PROPOSED SOLUTION?
PROSUBSCRIBER!

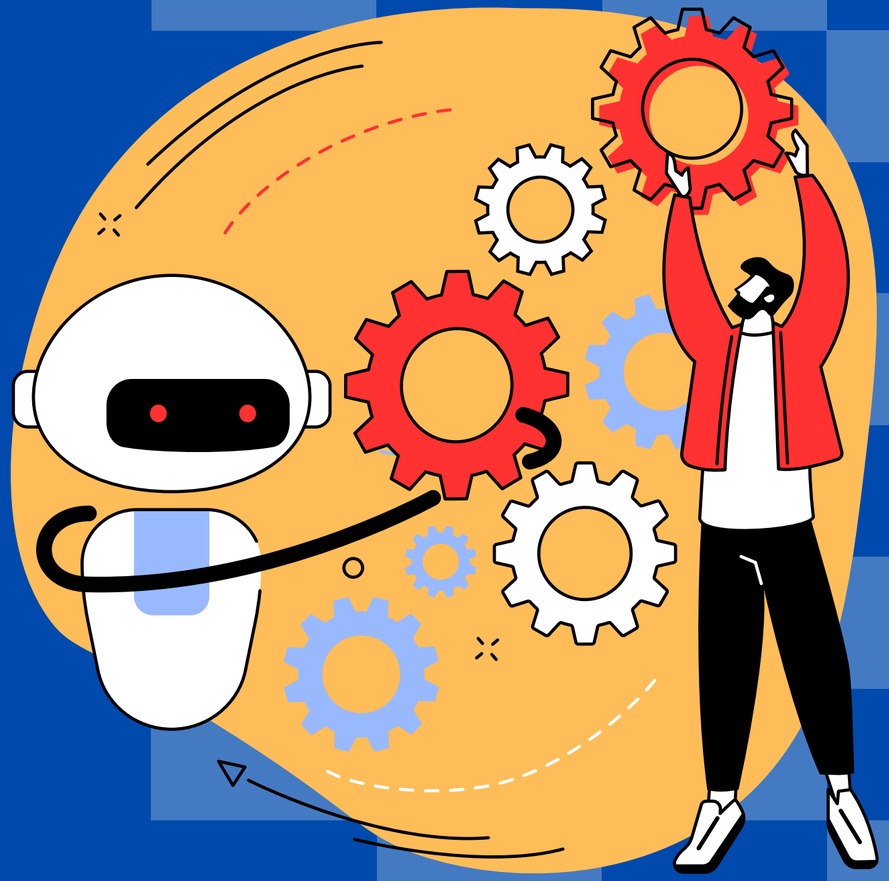
- Subscription Fatigue: Users overwhelmed by the surge in subscription services.
- Tracking Hassles: Managing multiple subscriptions leads to oversights and missed renewals.
- Discovery Dilemma: Difficulty finding subscriptions aligning with user preferences.
- Cost Evaluation Challenges: Users find it difficult to identify subscriptions that offer optimal cost-effectiveness.

KEY FEATURES

ML-based Recommendations

App Usage Analytics

Suggesting Cancellation



Payment Reminders

Suggesting Student Plans

ML-based Recommendations

"Because it knows you better "

Experience personalized suggestions tailored to your preferences through cutting-edge machine learning algorithms for an enhanced user experience

App Usage Analytics

"Discover Your App's Heartbeat"

Stay ahead with usage analytics on your subscribed apps. Track usage, understand behaviors, and enhance your experience seamlessly

Suggesting Cancellations

"Helps you save that hole in your pocket"

Streamline decision-making with thoughtful suggestions for subscriptions or services you might consider canceling, ensuring optimal budget management

Payment Reminders

"Stay on Top , Stress Less"

Stay on top of your finances effortlessly with gentle reminders for upcoming payments, ensuring you never miss a deadline again

Student plans offered by subscription services

"Nurture Your Wallet"

Unlock exclusive student deals from subscription services, helping you save while enjoying premium content tailored to your academic journey
